Reagan Budget Proposes 10% Cuts In Target Prices

The budget foresees expenditures for farm price supports rising by \$600 million in 1988 from 1987. However, such outlays are set to drop by \$3.5 billion in 1989, \$8.1 billion in 1990, \$6.9 billion in 1991 and \$8.9 billion again in 1992.

Stockyards has announced a Special "Beginning of the Year" Sale to be held Thursday, January 15, 1987.

This will be a special stocker-feeder and slaughter cattle sale.

For information and to consign cattle contact the Fort Worth Stockyards, 817/828-8761 or Hampton Butler, 817/827-5698, Hub Carter 817/292-2583, Bill King 817/838-0995 or Leon Ralls 817/838-2891. For market information on hogs contact Doc Wilbanks 817/488-2923.

Hides & Offal

Don Molson, Inc. (USDA) — The value of hide & offal from a typical slaughter steer Monday, January 5, 1987 was estimated at \$8.78 per cwt up .08 from Friday.

A sow trend in American breakfast habits began with the introduction of the first ready to eat breakfast cereal in 1897.

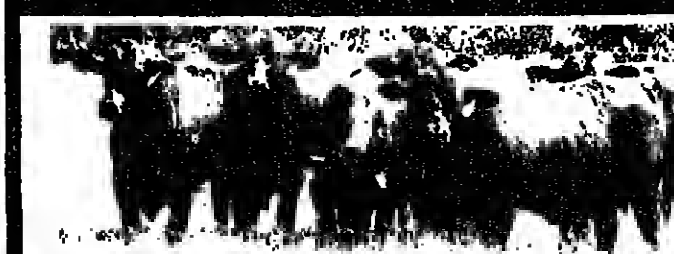

The proposed budget also calls for revamping sugar programs. It said current support for domestic sugar producers "conflicts with the policy to encourage increased trade between the U.S. and the Philippine and certain Caribbean countries."

Therefore, the Administration will seek changes in the counter-productive sugar program to make it more market-oriented while providing adjustment assistance to current program participants.

The Administration said the proposed budget would close loopholes that make current limits on federal farm payments "ineffective." The cap on federal payments to individual farms would be enforced more strictly the Administration said.

The Administration proposed \$1.6 billion in the FY-1988 food aid program, down from \$1.68 billion in 1987.

Reagan also is proposing cuts for meat and poultry inspection, formed by USDA's Food Safety and Inspection Service. According to budget explanation, the cuts will cause the price of federally inspected meat to rise less than 0.3 cent per pound for consumers.

country and the taxpayers they fatten on, they would perform a merciful action and go into hibernation for the period of time usually wasted on this pointless tug of war.

Natchery, we readily admit that any expectation on our part that either the White House or Congress is going to sit down and shut up is a true delusion. As a matter of fact, Congress is so concerned about giving its members maximum exposure they are now seriously considering holding hearings on the matters they consider of importance on alternate days of the week just to be sure none of their bellerin' & bowlin' will be shoved aside. Sometimes we wonder why in their infinite wisdom the writers of the Constitution failed to see the dangers inherent in politicians at any level being allowed to tinker with, or mess with, matters of business. Everytime they tackle what they or their constituents think is a problem, they promptly make matters worse.

Elsewhere starting on this page you will find a story that concerns what the Administration figures is wrong with the Farm Program and also some ideas they entertain as to how to solve these problems. Agricultural matters are only one of many that concern business that have been mused around until hardly a man or woman is now alive who figures out how we got where we are, much less how to get our selves outta th' mess we are in.

If you have any doubts at all about what we are bellyaching about here, just drop by your Post Office or IRS office, or any place where the forms are available, and take a look at those new simplified tax forms. Start with the easy one like W-4.

That's sure to lead you to get out th' crying towel and indulge yourself in a good bowl.

Ever think, The Editor.
P.S. Uncle Dunk reports that a Washington correspondent for Business Week Magazine after interviewing House Speaker To Be Jim Wright's blooper before he has even been sworn in, wound up saying "One thing Jim Wright has already accomplished is to make 'Tip O'Neill look like a statesman!" been on feed from 90 to 120 days. However, market weights have been near 1,100 pounds on most cattle despite the short-day status. Cattle in the feedlots with more than 120 days on feed probably came into the lots at lighter-than-usual weights, they said.

A cattle feeder in eastern Nebraska said that, although cattle are relatively short-day, many sold now have about 20 days more on feed, compared with those sold six weeks ago. Feeders cannot afford not to move cattle now, he said.

Any slowdown in marketings could take away what is left of support for cash prices, the cattle feeder said.

Cattle feeders told Knight-Ridder Financial News this week in the plains and corn belt states said they will have more market-ready cattle in January, but if selling remains active, a marketing "bulge" can be avoided, they said.

One western Kansas cattle feeder said numbers will increase the first two weeks of the month, but should taper off some in the last half. However, if movement slows, the industry will see numbers into February, he said.

The western meat packer expects slaughter to stay well above 230,000 head daily, in January, because of the increase in fed cattle.

However, a decrease in non-fed slaughter could offset this, livestock analysts said. Cow slaughter should decrease in January, because culling is completed by this time, and producers can no longer receive a tax advantage on cows sold after Jan. 1, they said.

First Beefmaster Bull Classic Sale Set For January 24

Lockhart, Texas — The First Annual Beefmaster Bull Classic Sale will be held Saturday, January 24, 1987. Sale time will be 10:30 a.m. at the Lockhart Auction, Inc. on Hwy. 183 South at Lockhart, Texas.

Selling will be 180 herd sire prospects and commercial bulls.

Consignors include Barbon Beefmasters, T-E Beefmasters, Montgomery Properties, Adair Beefmasters, Murphy Beefmasters, CK Beefmasters, Bar 7 Bar Beefmasters, Lazy M Beefmasters, Nolan Ryan Beefmasters and 4L Beefmasters.

For catalogs and information, contact the sole manager, Davis Sales Management, Buddy Davis, 948 Twin Oaks, New Braunfels, Texas 78130, (512) 629-6202.

TCFA Top 10 1986 News, Developments

1. Dairy Termination Program sent shock waves through the beef industry, driving cash prices for fed cattle down by \$4 to \$5 per cwt. in less than a week. Cattleman (including TCFA) filed suit against USDA and got an agreement requiring USDA to conduct the program in compliance with the law.

2. \$1-per-head checkoff became effective Oct. 1. The program should collect \$50 million to \$60 million a year for beef promotion, research and consumer education.

3. The Tax Reform Act of 1986 became law, authorizing some of the most sweeping tax law changes in history.

4. National Consumer Retail Beef Study was released. It showed that some consumer segments preferred closely trimmed beef; and within months, several major retailers began trimming beef to 1/4 inch of outside fat.

5. Clear title for buyers of ag commodities became reality Dec. 24, 1986. A buyer now has clear title unless notified of a lien.

6. A survey of NCA members on cattle futures found 68% were against the continued trading of cattle futures.

7. Texas Beef Industry Council was officially formed, allowing Texas cattlemen to extend the national program into Texas.

8. Buyout of Swift Independent Packing Co. by the Edwin L. Cox family was completed, and Swift headquarters were moved from Chicago to Dallas.

9. Drought in the Southeast took a heavy toll, forcing early movement of feeder calves from the area and many cattlemen to liquidate herds.

10. Cash settlement for feeder cattle futures contracts became a reality with the expiration of the September futures contract.

"The Top 10" Around TCFA.

1. A Beef Quality Assurance Program was announced by TCFA to assure consumers and others that we produce a safe and wholesome product.

2. Texas feedyards produced a record 5.2 million cattle in 1986, surpassing its old record of 5.09 million set in 1984. No other state has fed more than 5 million cattle in one year — Texas has done so three years in a row.

3. Three groups of legislative assistants to U.S. senators and representatives, plus two congressmen, toured the TCFA area.

4. Sixteen chief executive officers of major allied industries were guests of TCFA at a "Think Tank" of ideas and strategies on beef issues.

5. Feeder feedback meetings were attended by about 660 members who discussed industry issues and reviewed and suggested ideas for TCFA service.

6. The \$10,000 TCFA Fed Beef Carcass Challenge set records for prizes and entries, making it one of the largest carcass shows in the country.

7. Seven educational seminars, attended by nearly 1,000 TCFA members, were conducted by TCFA.

8. A new dues program for TCFA members was unveiled, which allows progressive dues rebates for individual entities feeding more than 10,000 head.

9. Feedmill technology course, at TCFA's request, was initiated by Texas State Technical Institute in Amarillo.

10. Twenty-two national food editors, some of whom toured Texas feedyards last year, were the guests of NCA and TCFA at a New York luncheon.

Selling 160
Herd Sire Prospects and
Commercial Bulls

This is an elite opportunity for Beefmaster breeders and especially the commercial cowman. Featured will be over 160 STOUT Beefmaster bulls, all BBU classified and many carrying the U brand. All these bulls are single-sired and many sell with performance records. All bulls selling come from top producing cows and proven herd sires, and many are from some of the breed's best donors and "elite" sires. Included will be some excellent AI and embryo progeny. This is a great opportunity to purchase top-performing seedstock and commercial bulls, ready to work, from some of BBU's long-time breed leaders. These consignors are breeders who are here year after year, who continuously work toward producing better genetics for their customers. Make plans to attend this historic sale!

IBBA Continues To Forge Ahead

The 1987 Brangus Sire Summary represents the third and most complete summary published by the International Brangus Breeders Association (IBBA). With a listing of 730 sires, the summary has doubled in size in the past two years. The 720 sires represent the most comprehensive collection of performance data compiled on any Brangus sire. This growth is a direct response to the tremendous number of performance records submitted on the Brangus Herd Improvement Record Program. With more than 20,000 weaning records processed within the last year, the data base for the Brangus breed continues to expand.

The Brangus Sire Summary compares bulls in four economically important traits. These traits are Birth Weights, Weaning Weights, Yearling Weights and Mating Ability.

According to IBBA Executive Vice-President Jerry Morrow, "The 1987 Sire Summary furnishes the basic information which constructive cattlemen can utilize in designing breeding programs that are sound and profitable."

For more information or to order your 1987 Brangus Sire Summary, please contact Mark Cowan at the International Brangus Breeders Association, P.O. Box 60602, San Antonio, TX 78269-0020, (512) 696-8231.

Breeders Compete For Henry Clay Koonz Memorial Trophy

Houston — Over 400 Brahman exhibitors will be competing for the Henry Clay Koonz memorial trophy at this year's International Brahman Show held here February 25-26.

The award recognizes the premier Brahman breeder of the show based on points accumulated with show cattle. Last year's winner, V8 Ranch, will try and retain the coveted trophy of the late Koonz's principal hard sire, "The Millionaire." The trophy was commissioned by Mrs. Mary Sue Koonz of Pineda, Texas and was sculptured by the famous Sonny Timme.

In presenting the trophy to the American Brahman Breeders Association at last year's annual meeting, Mrs. Koonz said, "It is my sincere wish that this trophy become a coveted award... not just for the excellent piece of art it is but because it will represent the very highest achievement possible in the Brahman industry."

The award will be presented at the International Sale on Thursday, February 26.

Feeders Firm, Higher At San Antonio

San Antonio, Jan. 5 (P-S) — Cattle and calves 900. Feeder cattle firm to 200 higher. Quality decided higher than last week. More axotic and axotic cross feeder cattle offered. Slaughter cows steady to 1.00 up. Feeder steers: medium and large frame no. 1: 300

Testing a microphone should be as easy as 1-2-3. That's what people usually say when checking the sound. Testing, 1-2-3. This quaint custom probably was started by an elementary school teacher. Very elementary.

Why can't people say something clever like, "Testing, Testing. Blodtesting, contasting, protestang?" Probably because somebody would think you were against the Great Bling.

Some people yell obnoxiousities to test a microphone but they usually are taken away to become late night talk show hosts.

A technician told me that the two worst things you can do to a microphone is to put it with the knuckles or blow into it causing moisture condensation. He told me to keep my hands in my pockets and test it by inhaling.

Clever idea but if you try it, make sure you keep your teeth together.

I personally make it a rule never to inhale anything hooked up to electricity.

Once I heard a fellow give a speech with a microphone that has been abused from lots of hunkies. He remarked, "This mike reminds me of my foe. It looks like it ought to hurt me but it doesn't."

Mon test a lie by sounding like Rocky Rocky Mountain. Stone silent. It's like a closed caption show for the thinking impaired.

Women are better at it but it's hard to adjust the level to the giggle of Baby

Cash Grain Prices Mixed

Washington, Jan. 6 (USDA) - Daily national grain market summary. Wheat, corn and soybean prices moved in mixed price trends. Wheat closed 1 cent lower to 2 1/2 cents higher. Corn traded 4 cents lower to 1/2 cent higher. Soybean markets moved 1 cent lower to 1 cent per bushel higher. Trade remains thin.

Wheat: Kansas City 2.58-2.61, -1. Minneapolis 2.58, +2 1/2. Portland 2.62-2.65, -2 1/2. St. Louis 2.65-2.68, -2 1/2. Corn, U.S. no. 2 yellow: Kansas City 1.51-1.55, -2 1/2. Minneapolis 1.55, + 1/4.

Snookums. They often have the voice of an angel. Few people want to hear it real soon.

I like the way opera singers do it. They stand back about 40 feet. In the deep breath and yell for some Italian guy named Figaro.

I've seen them knock Figaro right out of the sound booth.

I strongly suspect they could shatter a wine glass, erect the sidewalk, and knock out incoming enemy missiles.

Now the police know how to use a bullhorn. None of this "Testing 1-2-3." They got right down to business. "This is the police. We have you surrounded. Come out with your hands up or we'll turn the microphone over to a U.S. Senator."

So next time you have to check out the microphone down at the lodge, be clever. I heard a guy do just that recently. It was early and only 5 other people were in the room at the time but he got a standing ovation with those words. "My name is Floyd. I live at 8131 Brookhollow. I have a wife and two teenage daughters and I think it's exciting to have 6 people in a room willing to listen to me." Copyright 1986 Doc Blahely POKIE Fun Newspaper Syndicate. Demand Strong At Red Brangus Christmas Classic Sale

Demand for high performing Red Brangus cattle was strong as forty-six buyers, including two first time buyers of Red Brangus paid a total of \$205,450 for twenty-three Lots to average \$2,310 at Oakway Farms' Red Brangus Christmas Classic Sale at Cameron, Texas on December 13. This excellent offering attracted a large crowd, including visitors from as far away as South Africa, and buyers from Louisiana, Missouri, Oklahoma, and Texas.

Thirty-five Lots in the female sale averaged \$3,958, while fifty-seven bulls averaged \$1,958. Comments from many in attendance gave testimony to the fact that this was one of the top sets of Red Brangus cattle ever assembled for one sale. The Oakway Farms Red Brangus herd has made a name for itself not only locally, but nationally and internationally as an innovator and leader in the performance testing and evaluation of Red Brangus cattle. Their multi-million dollar herd bull battery, highlighted by the great EXTRA, has been a consistent winner, not only in the show ring, but under practical, range conditions on progeny tests in commercial herds.

The top selling Lot in the bull sale was the Lot 1 EXTRA son, a Circle M contingent, with 12 interest and full possession selling to Section M Ranch of Blanket, Texas, for \$12,000. Two bulls brought \$4,000 each for 34 interest and full possession: The Lot 2 SUPER EXTRA son going to Bradley Jones of Gonzales, Texas and the Lot 6 Randick son purchased by the Turley Ranch of Durham, Oklahoma.

Highlighting the female sale was Special Lot B - a Super Samen Selection, consisting of a 1/10 semen interest in three of the top young herd sires in

the breed, SUPERCHARGER, SUPERSTAR, and MAGIC, purchased by M & M Farms of Bertrand, Missouri, on a winning bid of \$24,000. Special Lot A, The "Grand Flush," went to Adams Ranches of Huntville, for \$11,000.

High volume buyers included M & M Farms, William McKee of Lona, Texas, West and Turnbull, San Angelo; Dogwood Creek Ranch, Flatonia, Texas; Stoker-Kirpatrick, Post, Texas; and Perry Wilson of Mobile, Alabama.

Prior to the female sale, a benefit progressive auction of "Billy the Goat" was held to raise cash to purchase winter clothes for needy children in the Cameron area. Sixty-three generous bidders paid a total of \$3,095 for this worthy cause. Winning bidder was Charles Riola of R & R Electric, Cameron, Texas.

Oakway's next event, their 8th Annual Red Brangus Spring Spectacular Bull and Heifer Sale, will be held Saturday, March 26, 1987, at the ranch near Cameron, Texas. For more information and a sale catalog when available, contact John or Carolyn Sosnowy at Rt. 1, Box 321C, Cameron, Texas 76820, 617/897-4551.

Mt. And Plains Longhorn Assn. Set Show Date

The 1987 Mountain and Plains Stock Show at the National Western in January will be a tremendous event! There will be halter and open classes. The halter classes will be on the hill in the barn.

Entry fee for classes are: Halter Class - \$15 and Open Class - \$35. All entries must be in by November 15, 1986 for late entries.

There is a wonderful schedule of events for the show this year - starting with a judging clinic on Monday, January 16. This clinic is a great opportunity for all cattlemen featuring some of the top names in the Longhorn industry. Halter and open classes January 20th at noon and 2 p.m. and the MPTLA Cocktail Party and Banquet January 20th at 6:30 p.m.

While you're at the stock show, don't forget to come by the Mountains and Plains Texas Longhorn Assn. booth in the Hall of Education. We have some interesting information on the "old breed with a new future in long horn."

For more information on the stock show, contact: Tom Wickland (303) 688-9425. For information on the judging clinic, contact: Darol Dickinson, (303) 683-2055 or Olan Lewis, (303) 688-2667.

Texas Real Estate Professionals Meet In Austin

United States Senator Phil Gramm and Texas Representative Stan Schuster will address nearly 1,000 Texas real estate professionals expected in Austin, January 9-13, for the

Second Annual OTLA National Longhorn Show

The Second Annual National Oklahoma Texas Longhorn Show and Exhibition will be held March 27-28, 1987 at the Heart of Oklahoma Exposition Center in Shawnee, Oklahoma.

"Early indications," says Rob Simpson, OTLA President, "are that the 1987 show will witness the growth and popularity of the Longhorn breed as the OTLA anticipates 250 entries from eight states."

Bulls, females, steers and F1 Longhorn cross market steers will be placed by a panel of three judges. Judge Earl McConnell, Paulina, Oregon; Rolmer Calhoun, Mansfield, Louisiana; and Gary Henry, Stephenville, Texas, will independently score each entry based on a point system. The points will be compiled to determine class winners, champions and the high point exhibitor.

A Halter Futurity and Colcutta will be held Friday evening in conjunction with the show.

To be eligible to show cattle must be registered with TLBBA and their owner must be a member of the OTLA. Deadline for entry is February 10, 1987.

For further information or entry forms contact: Rob Simpson, OTLA President, Box 168R, Duncan, Oklahoma 76833 (405) 255-0083.

33rd annual Mid-Winter Meeting of the Texas Association of REALTORS (TAR) at the Hyatt Regency and Sheraton-Crest hotels.

REALTORS will hear how tax reform will affect their industry and how to make the best of it. Issues before the next session of the Texas Legislature and their significance to real estate will be discussed. Now of focus will be installed and plans laid for 1987. Attendees will learn how to become community service volunteers to help their hometowns. Annual awards will be given for excellence in community revitalization, membership recruitment and fundraising for the Texas Real Estate Political Action Committee (TREPAC).

TAR, the largest trade association in Texas, has more than 50,000 members. TAR is dedicated to increased professionalism in the real estate industry and belongs to the National Association of REALTORS.

Ray was involved in 1989.

Texas Checkoff Program Nets Over \$1 Million In First Month

Texas topped the \$1 million mark in October for Beef Promotion and Research assessments. According to the Texas Beef Industry Council, over \$1.2 million was remitted for the month.

"We are very excited about the compliance with the law these dollars indicate," said Roy Wheeler, Treasurer of the Texas Beef Industry Council. "This compliance rate, coupled with the small number of refund requests we've received, indicates to us there is broad support for this program in Texas. In addition, we've visited a number of collection sites and received many phone calls, and almost always we are hearing very positive comments."

The checkoff program, part of the 1985 Farm Bill, mandates that each time a producer sells cattle a \$1/head fee be collected and funneled to state and national agencies for the promotion and research of beef. Anyone who has had cattle for more than ten days, such as feedyards and cattlemen in the country, are considered producers. Their assessments are collected by the buyers - packers, order buyers, (CONT. ON PAGE 16)

Dickens Longhorn Dispersal Avg. \$1,101

A good crowd was on hand to attend the Dickens Land and Cattle Company Registered Texas Longhorn Dispersal held at the East Texas Livestock Bldg. in Crockett, Texas on December 12, 1986. Eighty six lots grossed \$94,886 to average \$1,101.

High selling lot was Monarch Mareldi, F2 282, a 1981 daughter of Monarch 108. She sold to Joe Kellihy of Saltillo, Texas for \$7,000.

High selling bull was one-half interest in Jim Dandy, a 1981 son of Revilla. He sold to Dr. Mann of Hubble, Texas for \$5,000.

Lola Montez, a 1979 daughter of B14 44 Calibur, sold to Gilles Rusk of West Wind Ranch near Nacogdoches for \$6,800. Ace Cattle Company of Folson, Louisiana purchased Red Neck, a 1981 daughter of Smerty, for \$3,760.

Volume buyer in the sale was Mr. Stanley Rogers of the 3R Ranch near Frost, Texas. Eddie Wood served as auctioneer.

Feeder Cattle Trade Limited

St. Joseph, Jan. 2 (USDA) — National feeder cattle and calf receipts this

week 23,000, last week 29,000 year ago 42,400. Many markets shut down operations for the holiday season and receipts at the remaining markets were hardly sufficient to adequately test price trends. However, a few completed sales reflected steady to 1.00 lower prices except Oklahoma City had a few calves 1.00 higher. Mild winter weather continued to dominate the picture.

Texas Checkoff Program Nets Over \$1 Million In First Month
(CONT. FROM PAGE 14)

Although producers are required to pay the \$1 assessment at the time of sale, they have 60 days to request a refund. So far, refund requests for October total less than 6 percent of the revenue, and Anderson expects this to be no more than 6 percent for the month.

Almost 70 percent of Texas revenues will be spent on national promotion, education and research. The funds will be sent to the National Beef Promotion and Research Board, which has contracted directly with the Beef Industry Council of the Meat Board. Network TV, radio, and print advertising by Cybill Shepherd and James Garner as spokespersons will begin January 12. It is estimated that the campaign, financed entirely by checkoff assessments, will cost about \$25.80 million.

For more information, contact the Texas Beef Industry Council, 600 Bridgepoint Parkway, Suite 600, Austin, TX 78730, 512-846-3551.

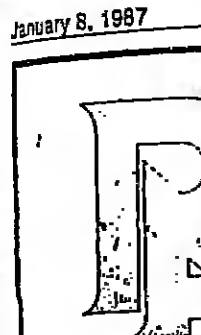

Granada Bull Sale Has \$1,629 Average on 222 Bulls

Granada Corporation held its first annual Brangus and Simbrah bull sale at the Granada Pecan Valley Ranch near Wheelock, Texas on Monday, December 8. One hundred and fifty-four Brangus bulls averaged \$1,200 and 88 Simbrah bulls averaged \$1,429, making 222 bulls grossing \$381,629 at an average \$1,629.

Topping the sale was an outstanding son of Wildcard out of a 850 daughter. He has a 206 day ratio of 114 and a 20 day ratio of 118. This May 1986 birth, \$5,100 going to J Bar Ranch of North Zulch, Texas.

A May 1985 son of King brought \$2,800 going to Seven A Ranch of Crockett, Texas, one of the volume buyers of the day. Also selling for \$2,600 was a September 1984 son of Jack of Hearts, with 104 and 10 ratios. He sold to Star J Ranch of Donia, Texas.

Cow Palace Record Set by Red Angus

A big, young Red Angus "Super bull" brought a record price of \$19,000 during spirited bidding Thursday, October 23, 1986 at the All-Breed Bull Sale held during the traditional Cattleman's Day at the 42nd annual Grand National Rodeo Horse Show and Livestock Exposition at San Francisco's Cow Palace. The 19 month old bull topped the scales at 1,770.

In a standing-room-only crowd of some 1,000 cattlemen, their wives & children, the bidding was high and quick with Rogue Red Angus, Central Point, Oregon taking the prize. The "super bull" whose registered name is Oakridge Stockman 21K, had been selected as the best bull of this year's Exposition on Wednesday (October 22) in competition with 220 other bulls of all breeds. The number on bull has historically brought the best sale price in all livestock at the Grand National.

Prices vary according to the quality of the bull and its perceived value of breeding. Last year's bull went for \$6,000.

Super bulls, Oakridge Stockman 21K, affectionately known as "Big Red" was brought to the ring by owners, Mr. and Mrs. Henry LaFrance of Oakridge Angus, Callatoga, California. The bull was presented by their daughter Cheryl. This marks the third win for the Callatoga-based ranch at the prestigious Grand National.

NILE Director's RAA Awards

The Red Angus Association Board of Directors again chose to recognize outstanding exhibitors at the NILE with Director's Award presentations. Cash prizes were made with first receiving \$75, second \$50 and third \$50.

At the Northern International Livestock Exposition held recently in Billings, Montana, Director's Awards were given to Rock Creek Red Angus, Joliet, Montana — 1st; Leachman Cattle Company Billings, Montana — 2nd; and Black Beauty Cattle Company, Slaughter, Kentucky — 3rd. Our congratulations not only to these exhibitors, but to all exhibitors who helped make the Red Angus Born the BEST at the NILE.

CFTC Approves Feeder Cattle Option Contract

Washington, Jan. 8 (KRF) — The Commodity Futures Trading Commission approved an application today by the Chicago Mercantile Exchange to trade options on feeder cattle futures contracts. Commissioners also voted to conduct a survey to identify participants in options and futures for live cattle, live hogs and feeder cattle. The survey is to be completed in the first quarter of fiscal 1988. A staff member told commissioners the CME plans to begin trading the options Friday. The first expiration date will be in March.

Q. What subject should I major in at College if I want to be a successful rancher?

A. A good background in the technical sciences of animal husbandry, range science, etc. is obviously a prerequisite of our industry. For years we have considered technology to be our right and our legacy, but it hasn't gotten us very far in making the industry profitable. Most economic and business courses are too theoretical for application. What you need is a balance between all three with a healthy dose of practicality and common sense for good measure. A course in thinking would probably be your best choice.

THIS IS NO BULL

Virden Perma-Bilt Engineering department is now offering 1 7/8" x 24" windmill cylinder barrels, with caps, at 1/4 the price they are selling for now! These barrels and caps are made from thick, heavy wall PVC and then lined with 1/8" of urethane. These barrels are as good as any brass barrel on the market! The urethane lining assures long life and true-check strokes. Our 1 7/8" x 24" barrel sells for \$39.95 plus \$2.75 postage. It connects right to your 2" pipe (steel or PVC). These urethane lined barrels are doing a wonderful job right now. Send for information. Serving Farm and Ranch Since 1950.

**WHAT A
DIFFERENCE A
HAY MAKES!**

When you feed Red River Valley hay,
you'll know your animals are getting
the minerals and vitamins they need.
That's because Red River Valley hay
is scientifically grown to provide
more nutrition, containing as much
as 64% total digestible nutrients
(TDN) and 22.2% protein. This
higher-quality hay can make a big
difference in the way your animals
feed and work.
For prices and delivery schedules,
call Richard or Randy at
